District Mission Statement:

We provide a safe, respectful environment that cultivates leaders of tomorrow. Our guiding principle is Believe in yourself, Achieve your greatest potential, and Succeed in all aspects of life

Our Purpose:

Empowering students to successfully transform our community.

The Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this handbook and keep the handbook for reference by you and your parent. This handbook replaces all prior handbooks and other written material on the same subjects. This handbook does not equate to an irrevocable contractual commitment to the student but only reflects the current status of the Board's policies and the school rules as of the Board of Education approval date. If any policies or administrative guidelines referenced herein are revised, the language in the

most current policy or administrative guideline prevails. Copies of the current board policies are available on our website at galionschools.org. or at <http://www.neola.com/galion-oh/>.

For clarification purposes, references to parent are synonymous with custodial parent or legal guardian. Immediate family will include parents, brothers, sisters, and grandparents.

TITLE I – PARENT RIGHT TO KNOW

Title I is a federally funded program that offers support to students and families in the areas of Reading/Language Arts and Math

The Federal Law, No Child Left Behind, requires that any school receiving federal Title I assistance must notify parents that they may request information regarding the professional qualifications of the student's classroom teacher, including the following:

- Whether the teacher has met the Ohio teacher licensing criteria for the grade level and subject areas in which the teacher provides your child instruction.
- Whether the teacher is teaching under emergency or temporary status that waives state licensing requirements.
- The college degree major of the teacher and any other graduate degree or certification (such as National Board Certification).
- Whether your child is provided services by instructional paraprofessionals (sometimes called teachers' aides) and their qualifications.

You may request this information by contacting your school principal. Please give child's full name, parent's full name, and the name of your child's teacher. The principal will then prepare and send the teacher qualification information that you have requested.

FAMILY-TEACHER COMPACT

Families, the child, and teacher will share responsibility for improved student achievement. Families are requested to support students through daily monitoring of homework and assignments, attendance at conferences, supporting school-wide behavior plans, and be regularly involved in school activities in order to improve student achievement. Students will take responsibility for their own learning, take responsibility for homework and assignments and follow the school behavior plan. School personnel will communicate with families, provide a high quality curriculum and notify families of concerns that affect student achievement.

ELECTRONIC CALL NOTIFICATION SYSTEM

An electronic call system will be used as the primary source of information related to school closings, delays and district emergency information. Please provide updated information at the office when changes occur.

WELCOME

Welcome to the 2017-2018 school year at Galion Senior High School. We are most fortunate to have a quality “state of the art” facility. This fact not only creates a tremendous sense of pride, but also requires that everyone exhibit responsibility in taking great care of what the local taxpayers and the Ohio School Facilities Commission have generously provided to enhance the educational atmosphere and opportunities for Galion students.

Teachers, administrators, support staff, superintendent and Board of Education members will do everything possible to identify and implement systems, policies, procedures, etc. that meet educational needs. We will continually strive to establish and maintain quality educational programs and personnel, which have a positive impact on student learning and maturation.

Your high school years are significant ones for you. Please take advantage of the many educational opportunities provided in the curricular, co-curricular and extracurricular programs at GHS. We encourage you to accept the challenge of learning and always strive to do your best. This year will present many new opportunities to increase your knowledge, further develop your thought processes and improve your critical thinking skills; do not waste the outstanding potential that you possess.

In addition to the numerous educational, co-curricular and extracurricular options available, you will have many privileges and freedoms. Along with these privileges and freedoms comes the responsibility of being a young adult. You are expected to conduct yourself in a mature, respectful and responsible manner at all times. Always be mindful of others in what you say and do; know that your attitude and behavior should reflect the high expectations that have been established.

Be an active and positive citizen of our school. Resolve to be accountable in your actions and “goal oriented” in your pursuit of excellence. Your benefit from attending Galion High School will be in direct proportion to the effort and enthusiasm you put forth.

Best wishes and have a great year!

Mr. Ron Williams
Principal

PHILOSOPHY OF GALION HIGH SCHOOL

Education in the broadest sense is preparation for effective living. Therefore, Galion High School is responsible for providing students with the curriculum to acquire and enhance skills and knowledge necessary to function successfully in society. Galion High School is also responsible for providing students with extracurricular activities to supplement the curriculum program.

It is the duty of the citizens of the community to provide the means through which this learning can occur. It is the duty of the school personnel to provide for curricular and extra-curricular implementation and for the establishment of an effective learning environment. It is the duty of the students to avail themselves of this learning environment. This environment should reflect the major concept that learning is most likely to occur when the students view it as relevant. However, the search for relevancy should neither hinder the development of vital skills nor overlook individual needs.

OBJECTIVES

In order to reinforce the philosophy of Galion High School, the objectives are as follows:

1. To develop a curriculum based upon identified needs of the students.
2. To develop an extracurricular program based upon identified needs of the students and the community
3. To provide the opportunity for students to learn fundamental skills.
4. To prepare the students to enter the job market or engage in post-high school education.
5. To provide an atmosphere in which students can develop a sense of Responsibility toward themselves and their society.
6. To provide surroundings which foster positive self-esteem.

EQUAL EDUCATION OPPORTUNITY

This district provides an equal educational opportunity for all students. Any person who believes that he/she has been discriminated against on the basis of race, color, disability, religion, gender or national origin while at school or at a school activity should immediately contact the Superintendent as the School District's Compliance Officer. Complaints will be investigated in accordance with the procedures described in board policy. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer can provide additional information concerning equal access to educational opportunities.

THE GUIDANCE CENTER

The philosophy of the Galion High School Guidance Center is to provide a cooperative program involving students, parents, teachers, administrators, staff, and community members. The ultimate goal is to help students develop learning skills and values that will assist them in making educational, occupational, and life plans.

Please do not hesitate to contact the Guidance Center if you have a problem at home, school, or otherwise. The counselors are there to help you. You may go to the Guidance Office during study hall if you have a pass from the study hall teacher. With teacher permission, you may also go for personal counseling.

College bound students need to check in the Guidance Office for test information, college representatives, and college or scholarship applications.

Student and parent conferences with teachers may also be arranged through the Guidance Center.

HEALTH SERVICES

Students who are ill should report to the attendance office. They may be given permission to go home after contacting parents. For emergency situations, there is a cot in the room next to the Guidance office. A student must report to the attendance office and obtain permission to go to the sick room. The maximum stay in the sick room is one period unless extenuating circumstances exist.

HEALTH CONDITIONS

Parents of children with chronic health conditions or special dietary needs must provide written information from a doctor documenting the child's health condition and/or restrictions.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES

The Board of Education seeks to provide a safe educational environment for both students and staff. It is the Board's intent to ensure that any student or member of the staff who contracts a communicable disease that is not communicated through casual contact will have his/her status in the District examined by an appropriate panel of resource people and that the rights of both the affected individual and those of other staff members and students will be acknowledged and respected.

For purposes of this policy, "non-casual communicable disease" shall include:

- A. AIDS – Acquired Immune Deficiency Syndrome;
- B. ARC – AIDS Related Complex;
- C. Persons infected with HTL-III/LAV (Human T-Cell Lymphotropic Virus/Lymphadenopathy Associated Virus);
- D. Hepatitis B;
- E. Other like diseases that may be specified by the State Board of Health

CONTROL OF COMMUNICABLE DISEASES

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the schools. For the purposes of this policy, “communicable disease” shall include smallpox, diphtheria, scarlet fever, and other strep infections, whooping cough, mumps, typhoid fever, measles, rubella, and acquired immune deficiency syndrome, or any other disease designated communicable by State or Federal authority.

RIGHTS OF DISABLED STUDENTS

It is the policy of the Board of Education that no otherwise qualified student shall solely, by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity sponsored by this Board. As used in this policy and any implementing guidelines, “disabled student” means a student who has, or had, or is regarded or was regarded as having a disabling condition; “disabling condition” means a physical or mental impairment that substantially limits one (1) or more of a student’s major life activities and includes specific learning disabilities.

SPECIAL EDUCATION

The Board of Education shall provide a comprehensive, free, and appropriate public education to all eligible educationally disabled children ages five (5) through twenty-one (21) (unless they have completed the twelfth grade and been issued a diploma) and such supplemental aids and related services as many be necessary for a disabled child to receive such an education in the regular classroom environment.

MEDIA CENTER

Good media center behavior is expected at all times. Students are to abide by the rules, regulations, and procedures established. Misconduct in the media center will be dealt with in the same manner as classroom misconduct. The privilege of going to the media center is dependent upon maintaining a quiet study atmosphere. Any student who causes a disturbance may lose this privilege.

It is the policy of the Galion Board of Education and School District that hazing activities of any type is inconsistent with the educational process and shall be prohibited at all times. No administrator, faculty member, or other employee of the school district shall encourage, permit, condone, or tolerate any hazing activities. No Student, including leaders of student organizations, shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any action coercing another, including the victim to do any act of initiation into any student or other organizations that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent, or assumption of risk by an individual subject to hazing does not lessen the prohibition contained in this policy.

ASSEMBLIES

At all times the students' behavior should be refined and courteous. An indication of the cultural level of a school is the conduct of its student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct would include whistling, uncalled-for clapping, boisterousness, and talking during a program. Students are to get quiet without being told to do so when the administrator or person conducting an assembly approaches the podium. Unacceptable conduct at an assembly will result in removal and possible disciplinary action. Unacceptable behavior may also result in denial of attendance to future assemblies.

PHILOSOPHY OF DISCIPLINE

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people.

With an understanding of the purposes of discipline in a school, you may form a correct attitude toward it, and not only do your part in making your school an effective place of learning, but develop the habit of self-restraint which will make you a better person.

Galion High School's discipline policies and procedures are designed to maintain a safe, orderly, and positive educational environment at all times. Every attempt is made to be fair with the student and to be sure that the punishment is in line with the seriousness of the offense. The disciplinary record of the student is always considered when action is taken and due process is always followed.

Students are expected to extend to a substitute the same courtesy, respect, and obedience as is expected by the regular staff.

If warnings and other generally accepted classroom discipline applications fail to correct the problem, the student is to be removed from class for the remainder of the period. The substitute teacher will then submit a Discipline Report to the Assistant Principal as soon as possible. This report will include time of removal and other dates pertinent to the incident.

DETENTION

Teachers or administrators may issue student detentions with a twenty-four-hour advanced notice. A detention is thirty minutes in length and will be served before school or after school with the assigning teacher unless otherwise designated by the administration.

NOTE:-Detentions not served on date(s) assigned are deemed to be a cut of assigned discipline unless covered by extenuating circumstances (medical excuse or death in the family)- If there are extenuating circumstances, the detention may be reassigned one Time. If the detention is missed a second time further discipline will be assigned.

THURSDAY SCHOOL

Thursday School may be given as a means of correcting unacceptable behavior. Thursday School will be held in the high school from 2:45 p.m. until 5:45 p.m. You must bring educational materials and work during these hours. Model behavior is expected during Thursday School and if not exhibited, the day will be forfeited and further discipline will may occur. Medical documentation from a physician or death of relative are the only excused absences from Thursday School. If there are extenuating circumstances, the detention may be reassigned one Time. If the detention is missed a second time further discipline will be assigned.

DETENTION AND THURSDAY SCHOOL SCHEDULES

In the event of the cancellation of a detention session, Thursday School, In School Detention, or Out of School Suspension students will be required to make up that session.

IN SCHOOL DETENTION

In School Detention may be imposed as a disciplinary action to create a positive change in a student's behavior. For an In-School Detention, credit will be given for all classroom assignments that **are** completed.

SUSPENSION

Suspension may be imposed as disciplinary action when a student has substantially disrupted or interfered with the educational process or has seriously violated regulations of Galion High School. Students may be suspended for up to ten (10) days.

Students are to remain at home during school hours while on suspension. The absence of a student on suspension is unexcused. The student may make up work missed and may earn credit (e.g. quizzes, tests, reports, etc.). Work must be turned in upon return to school. Points or credits earned before or after the suspension period shall not be deducted from the student's grade average.

During a period of suspension, a student is restricted from participating in or attending all school classes, programs, extracurricular activities (including practices, games or performances) and graduation ceremonies. A suspension officially begins at 12:01 a.m. on the first designated suspension day (unless emergency removal of the student occurs, in which case the suspension beginning is designated as the time of removal) and ends at 12:01 a.m. on the first day to follow the last day of the suspension period.

A suspension beginning during one week and extending into the following week restricts the student from attending or participating in any school-sponsored activities over the weekend. A student whose final day of suspension is on a Friday may attend or participate in school-sponsored activities on Saturday or Sunday. If, at the time of a suspension, there are fewer days remaining in the school year than the number of days of the suspension, the Superintendent may apply the remaining period to the following school year.

EXPULSIONS

Expulsions may be imposed as disciplinary action when school authorities deem necessary. Students may be expelled for 1 to 80 days according to the Ohio revised Code.

During a period of expulsion, students are removed from school and restricted from participating in or attending all school classes, programs, and extra-curricular activities. Students under expulsion are not to be in school or on school property without specific permission from school authorities. If, at the time of an expulsion there are fewer days remaining in the school year than the number of days of the expulsion, the Superintendent may apply the remaining period to the following school year.

INTERROGATION OF STUDENTS

The school is committed to protecting students from harm that may be connected with the school environment but also recognizes a responsibility to cooperate with law enforcement and public welfare agencies. While the school believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violations being investigated occurred on school property.

The building administrator will attempt to contact a parent prior to a student being questioned as a witness or suspect in an alleged criminal violation and said administrator shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning and will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning and the building administrator will remain in the room during questioning.

If law enforcement or children's service agency remove a student from school, the building administrator will notify a parent.

PERMANENT EXCLUSION

Students may be permanently excluded from attending Ohio Schools if found guilty of committing certain very serious offenses. Permanent exclusion of a student may be recommended to the State Superintendent if a student is convicted of a crime related to any areas below or has been ruled a delinquent child based upon the crime. The permanent exclusion law may be applied as it relates to the following:

1. Conveying deadly weapons or dangerous ordnance on school property or to a school function.
2. Possessing deadly weapons or dangerous ordnance on school property or at a school function.
3. Carrying a concealed weapon on school property or at a school function.
4. Trafficking in drugs on school property or at a school function.
5. Murder or aggravated murder on school property or at a school function.
6. Voluntary or involuntary manslaughter on school property or at a school function.
7. Assault or aggravated assault on school grounds or at a school function.

8. Rape, gross sexual imposition, or felonious sexual penetration on school grounds, at a school function, or when the victim is a school employee.
9. Complicity in any of the above offenses, regardless of location.

SCHOOL PROGRESS

Parents may initiate a conference with the teacher, counselor, or principal at any time regarding the progress of their son or daughter. It is suggested that one call in advance to set up an appointment in order to guarantee the availability of the counselor, teacher, or administrator. All conferences would be designed to bring together school personnel and parents so that each may contribute information that will be helpful to the student's continued academic and social growth. Parents are encouraged to contact the school at any time to review student progress and/or plan for the future of their son or daughter. As a first step, it is recommended that the student's counselor or teacher be contacted.

CANVAS

Galion High School offers an exciting web-based learning management system entitled Canvas. One of the major goals in Canvas is to increase communication between families and teachers. Through Canvas, families will have easy access to their student's progress, homework assignments.

Galion City Schools website may be accessed at: www.galionschools.org

GRADE CARDS

Students receive report cards at the end of each grading period. Grade cards may be withheld from students who have not paid their fees or obligations.

Galion High School provides constant access through Progress Book (an internet based performance reporting program) to allow family access to their students' classroom performance. Progress Book may be accessed through Galion City School's website.

GRADING SCALE

Galion High School uses a grading scale of A through F based on percentages to determine semester and yearly average.

Grade point average (G.P.A.) is computed at the end of the semester and at the end of the year. Grade point average is based on A=4, B=3, C=2, D=1, F=0. Grade point average is used to determine class rank.

The nine week grade and semester averages are determined by percentages as follows:

Grade percentage scale: A= 90 - 100

B= 80 - 89

C= 70 - 79

D= 60 - 69

F= 59 - 0

I = Incomplete (becomes a 0% for all work not made up and the grade will be calculated accordingly.)

GRADE AVERAGING

Semester grades and yearlong course grades are determined by totaling quarter percentages and exam percentages. In a yearlong course, your semester average is simply a “barometer” of how you are doing at the end of the semester.

Semester/Year/Average Class Percentage Distribution

Semester Classes

QTR 1	QTR 2	EXAM
40%	40%	20%

Year Long Classes

QTR 1	QTR 2	EXAM	QTR 3	QTR 4	EXAM
20%	20%	10%	20%	20%	10%

NOTE: Failure to take an exam will result in a “0” percent and may cause failure for a semester or yearlong course.

SEMESTER AND FINAL EXAMS

Students are required to take exams as scheduled. Extenuating circumstances as determined by the principal or his designee will constitute the only reasons for an exception. **All students are required to take both semester and final exams unless they qualify for exempting one or two exams based upon either our perfect attendance exam exemption policy and/or earning A’s in both nine-week periods immediately preceding the semester exams as explained below.**

NOTE: Exam days are to be counted as regular school days for attendance purposes.
NOTE: A student is eligible to exempt one exam per semester if an “A” is earned in both nine-week periods immediately preceding the semester exams. A maximum of one exam exemption per semester may be earned based upon earning A’s during the two nine-week periods immediately preceding the semester exams. Note: A maximum of two exams a semester may be exempted (one based upon the perfect attendance policy found on page 34 and one based upon earning A’s during both nine week periods of the semester).

DROP “F” POLICY

Dropping a course after ten school days will result in a drop “F” and will be averaged into the grade point average. A parent-teacher contact must be made and all options explored before the course will be dropped. A signed form from the parent giving permission for the course to be dropped with an “F” will conclude the process.

HOMWORK

Homework is extremely important and an integral part of the curriculum at Galion High School. Students should make a conscientious effort to do all homework assignments and turn them in on time. Keeping up with homework will better enable students to understand material being taught. Many students do not succeed in a class because they do not do their homework on a regular basis.

PRINCIPAL’S ROLL

Special recognition will be given to those students earning all A’s for the semester. Students may not receive a grade lower than A in any subject to qualify for the Principal’s Roll.

HONOR ROLL

Special recognition will be given to those students who make the Honor Roll. In order to qualify for the Honor Roll, a student must earn all A’s or B’s or a combination thereof for the semester. Students may not receive a grade lower than B in any subject to qualify for the Honor Roll.

MERIT ROLL

Any student not qualifying for the Principal’s Roll or Honor Roll may be recognized on the Merit Roll by maintaining at least a 3.0 grade point average with no grade below a C.

NATIONAL HONOR SOCIETY

The objectives of the National Honor Society are to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in all students at Galion High School. Membership in this society is a great honor, not a right. Other honors conferred by the school are given because of specialized ability, skill, or talent; however, this organization looks upon education as a product measured by four standards: scholarship, leadership, character, and service. National Honor Society supports the fundamental objectives for which schools are instituted, and it gives recognition to students who have attained most nearly those desired ends. Students who aspire to membership in the Society are encouraged to meet these four requirements.

To be eligible, a junior or senior must have at least a 3.25 grade point average and have attended Galion High School for at least one full semester prior to being considered for membership. A list of those students meeting this criterion is distributed to faculty members who rate, on a 0-4 scale, only those students with whom they have had personal contact; student must

have at least a 3.25 average on this evaluation. Teachers do not rate scholarship; primarily, they rate character, using the ten guidelines recommended by the National Association:

1. Takes criticism willingly and accepts recommendations graciously.
2. Constantly exemplifies desirable qualities of personality, i.e., cheerfulness, friendliness, poise, stability.
3. Cooperates by complying with school regulations concerning property, programs, office, halls, and so on.
4. Upholds principles of morality and ethics.
5. Demonstrates highest standards of honesty and reliability.
6. Shows courtesy, concern, and respect for others.
7. Observes instructions and rules, punctuality, and faithfulness in obligations both inside and outside of the classroom.
8. Have powers of concentration and sustained attention as shown by perseverance and application to studies.
9. Manifests truthfulness in acknowledging obedience of rules, avoiding cheating in written work, and showing unwillingness to profit by the mistakes of others.
10. Actively helps to rid the school of bad influences or environment.

All students with a 3.25 average who are interested in the National Honor Society must submit an activity sheet showing their service and leadership in school and community activities. This sheet, in addition to the evaluation by the teachers, will be used by the Faculty Council to determine membership.

Students and parents need to understand that students have a right to be considered for membership but no right to be selected. Selection is an honor bestowed upon the students by the Faculty Council that is entrusted with all decisions relative to selection and dismissal.

ACADEMIC AWARD

All Galion High School students are eligible. The award will be based on grades received the first three quarters of each academic school year. The average would not be cumulative. The minimum grade point average needed for qualifying for an award is 3.5 on a 4-point scale. Semester and exam grades do not enter into determining the average. A public ceremony will be held in the spring to honor and present awards to those qualifying.
